Isn't it great to feel spring in the air with warmer days and the prospect of "green shoots" appearing. Putting aside the economic euphemisms, just being able to get out and enjoy some sunshine is enough to put a spring into the step and feel positive about life.

If you're anything like me you'll be dusting off the summer sports equipment and looking forward to the start of a new season of your favourite summer pastime. As usual we've got the sportswear guaranteed to make you look good

while you're doing it, including new ranges for [touch, bowls and cricket](#). For more details click on the thumbnails on our home page.

For businesses it's time to be thinking about Christmas – yes, I know it seems a long way off, but for the best deals you need to be getting organised now. We've lots of ideas for the perfect Christmas gift, or maybe you're thinking about a promotional incentive program to get those sales ramped up in the coming months. Give us a call today to get started.

They're wearing our gear...

One of the great joys of this business is seeing our clients wearing our gear, and hearing stories about the impact it has made on their teams and businesses.

One told to us recently came from Tallon Systems (www.tallonsystems.com). The Wanaka based Tallon is fast developing a world wide reputation for their innovative marine, kayak and RV accessory system. A key plank in their marketing is attending boat shows around the world. Wanting to ensure their sales team dressed consistently with their brand image they had searched widely for a shirt with just the right shade of orange before they came to us to find a solution, which we duly delivered.

They knew they had it right when one of the security guards at the recent Sydney Boat Show stopped marketing manager Brian Ebbage-Thomas at the door and asked him where he could get one!

PROMOTIONAL PRODUCT OF THE MONTH

Branded cups and glasses make a functional, low cost but high value promotional item, fantastic for gifts, special events, or for use in clubrooms or staff cafeterias'. All of us use one at some time during the day, and they have longevity, exposing your brand to your audience for an extended period of time. These aren't any old cup either they're very stylish, in a number of different designs and colours, including your classic café styles.

EcoChoice

We've gathered a number of products with genuine eco credentials together to form the EcoChoice range, making it easier for you to find them. Using fabrics made from organic cotton, recycled PET bottles, and bamboo amongst others, and constructed into everything from polo shirts to caps and bags, you can look good and promote your brand while knowing you've minimized your environmental footprint. To view the range see page 110 of our Stock Catalogue which is available for viewing and downloading at www.dynamix-team.co.nz/whole_catalogue.pdf.
